

Effective Date: August 2026

Version: 2.0

Scope: Client Service Agreement

1. SERVICE SCOPE & ACCEPTANCE

By submitting orders or media items to **Ahmed Studio**, you agree to these Terms of Service. Ahmed Studio provides professional digitization, enhancement, restoration, and consulting services for analog media including VHS tapes, Super 8 films, photo prints, and audio formats.

2. ORIGINAL MEDIA CONDITION & HANDLING

We exercise extreme care with all client materials. However, due to the natural age and fragile condition of legacy analog formats (such as tape decay or brittle film), Ahmed Studio is not liable for minor, pre-existing degradation or natural wear during standard processing.

3. CONTENT OWNERSHIP & LEGAL RIGHTS

You declare and warrant that you own or hold appropriate copyright permissions for all materials submitted. Ahmed Studio reserves the right to decline processing any illegal, infringing, or harmful content.

4. DELIVERY & DIGITAL ARCHIVE RETENTION

- Digitized outputs are delivered via secure digital download links or physical media drives as agreed upon.
- Completed digital files are stored on server backups for **30 days** after order completion to allow download verification. Clients are responsible for downloading and backing up their files within this window.

5. QUALITY ASSURANCE & SATISFACTION GUARANTEE

We strive for maximum resolution and fidelity using proprietary restoration techniques. If you notice technical defects in delivery, please contact our support team within 14 days of receiving your files for re-evaluation.
